This feature of the advertisement attracted attention and elicited comment. It remains to be seen whether the Supreme Council will act.

TRAFFIC STOPPED.
Traffic over the Long Bridge, which has been suspended since a Chesapeake and Ohio tender and passenger coach broke through the draw Sunday night, was resumed a few minutes before noon today.

The work was rushed from the start, but when the Pennsylvania informed the other roads that the bridge that it would be open to-morrow, it was thought by officials of the latter that it would be much longer before the damage was repaired.

The question of expense was not considered by the railroad officials and every available man was employed. All night long the force of workmen labored hard in the light furnished by the big torches of the railroad company, and when day dawned the workmen were satisfied that they would be able to have traffic resumed by noon.

It was rendered possible to close the gap in the bridge by the use of large pieces of abandoned bridge near Wilmington, Del.

Yesterday morning the measurements were taken and telegraphed to Wilmington and the necessary material reached here last night. At 11:07 o'clock an engine drawing two cars filled with heavy timber went over the temporary track timber went over the temporary track.

At 11:15 minutes later a passenger train going south went over without any difficulty.

NO BODIES FOUND.
Business on the river between this city and Alexandria was kept up nearly all night and much complaint was heard from passengers who were forced to make the transfer over the water route.

A number of big buses were used all day yesterday in the work of transferring passengers between the depot and the steamboat. No attention was paid by the railroad men to the matter of searching for the bodies of supposed victims of the disaster, but Harbor Master Sutton's crew attended to it.

The river was dragged above the bridge, but up to this afternoon no signs of a body had been found. It was rumored that the diver had seen two or three bodies on the bottom of the river, while he was examining the wreckage.

It is the opinion of the police and railroad men that two tramps were drowned in addition to Richard Eckardt, the assistant bridge tender.

BAPTIST COUNCIL MEETING.
Fine Session Last Night at Which Mission Work Was Discussed.

The meeting of the Baptist Council of Richmond, Manchester and vicinity, held last night in the hall of the First Church, was most gratifying from every point of view.

The attendance was excellent, a number of churches that had not acted upon the constitution, which was the subject of the meeting, reported that they had since approved the plan and elected delegates, and deep interest was evinced in the subject of city mission work, the discussion of which consumed the latter part of the evening, and will be the subject of a special session to be held next Tuesday night.

Rev. M. Ashby Jones was re-elected president, and all of the other officers were chosen for another term, except Mr. E. Leslie Spencer, Jr., who was elected secretary in lieu of Mr. Ryland, who found it impracticable to serve longer, and the substitution of Mr. Frank S. Woodson, of West View Church, on the Executive Committee in the place of Mr. R. L. Harrison, who was unable to serve.

The Executive Committee submitted a report urging that the Baptists enter upon city mission work along aggressive and broad lines. The report met with hearty favor, and after the reading of the report, Messrs. R. M. Smith, A. W. Patterson and others, it was decided to hold another special meeting at the same place next Tuesday night for the general discussion of this important subject. Every church pastor and all the delegates from all the churches will be urged to attend.

RICHMOND TYPOTHETAE.
Interesting Meeting of Employing Printers Held Last Night.

A very interesting, as well as instructive, meeting of the employing printers, known as the Richmond Typothetae, was held at the Albemarle Club last night.

In the absence of the president, Mr. William Ellis Jones, Mr. Rufus C. Williams, president of the Richmond Typothetae, presided.

Letter from the national secretary were read before the gathering, indicating a special interest in the Richmond printing and binding business.

Several resolutions were adopted in connection with the management and regulation of the inside of the printing and the systematic holding of monthly meetings, and the place of meeting.

Among those who spoke were Messrs. E. W. Wadley, E. L. Ferguson, R. H. Mitchell, and Rufus C. Williams, from whom several valuable suggestions were received.

A vote of thanks was extended to the members of the Albemarle Club for their kindness in furnishing the room for the occasion.

BURDENS OF THE RICH

Mr. Gage Recommends Trust Companies as Alleviators.

BANKERS' ASSOCIATION

Delegates to National Delegation Rapidly Filling San Francisco—All Are Greatly Pleased with the Golden Gate City.

(By Associated Press.)

SAN FRANCISCO, CAL., Oct. 20.—The hotels are rapidly filling up with delegates to the convention of the American Bankers' Association. Fully 1,500 persons came in on a special train sent across the continent by the leading railroads. In addition to these there were other thousands who have reached California over the regular routes of travel on regular trains. It is the consensus of opinion among the delegates that the arrangements for the convention are most complete, and they are pleased with the welcome extended by California and San Francisco.

Three meetings preliminary to tomorrow's convention of the association were held today. The trust company section met in the California Theatre with E. A. Potter, chairman of the Executive Committee, presiding. There was a fair attendance of delegates. The report of the section showed a balance of \$250 in the treasury and a total membership of 601.

Secretary Branch read the paper on "Trust Companies as Trustees," written by Lyman J. Gage, president of the United States Trust Company, of New York.

Mr. Gage's paper dwelt with the value of trust companies as executors of estates and their usefulness in lightening the burdens of the rich.

Old Officers Re-Elected.

(By Associated Press.)

ATLANTA, GA., Oct. 20.—The annual meeting of the directors of the Atlanta and West Point and the Western of Alabama Railroads was held here today and resulted in the re-election of all the old officers. The only change in the Board of Directors was the choice of James W. English, of this city, in place of W. B. Berry, of Newnan, Ga., deceased.

GREAT FOOT-BALL GAME TO BE PLAYED SATURDAY.

CAPT. J. B. POLLARD,

Quarter-Back.

At the Broad-Street Park next Saturday afternoon at 3:30 o'clock may be seen one of the finest foot-ball games ever played on Virginia soil. The contestants are the eleven of the University of Virginia and the Virginia Polytechnic Institute, two teams so evenly matched in strength that even the experts are guessing as to the winner. Both teams are as strong as they have been in many years, and scores of games with other teams played by the two eleven sides show that a mere chance may turn the tide of victory and give the laurels to one or the other eleven. The game will be called promptly, and there is every assurance that there will be many enthusiastic adherents of both the orange and blue of the University and the black and white of the Tech, as the Blacksburg boys are called by their friends, will be here with their colors and their yell and songs. A special train will bring 250 of the Virginia Polytechnic Institute's rooters down to cheer them on to victory.

A special train from Charlottesville will bring a large proportion of the population of the University here to wave their orange and blue banners and cheer the doughty warriors in the orange sweaters with the big V in the center to a victory.

FAMOUS ATHLETES.
Elaborate preparations for the game are being made, and it is going to be the greatest of the season thus far, if not of the entire year. The officials chosen for the game this year are the most famous in the athletic field. Dr. Paul Dabell, himself a brilliant player in former years and an authority on the game, now a professor at the Naval Academy, will referee the game and Mr. M. J. Thompson, graduate manager of athletics at the Georgetown University and an authority on athletics generally, will umpire. These are the men who usually officiate in the great games between Harvard and Yale and Yale and Princeton, and they are widely known.

The prices advertised for the game are fifty cents general admission, entitling the holder to a seat on the bleachers or uncovered seats, and seventy-five cents, which entitles the holder to a seat in the covered grandstand. As the weather now promises to be fair and mild, a seat in the uncovered stand is almost or quite as desirable as that in the stand, and either will afford a fine view of the field.

The results of each play will be magnified, showing the gains or losses made, the possession of the ball, the names of players replacing others, the scores made, such as touchdowns, goals from touchdowns, goals from field or safety. Thus the game will be a clean, scientific exhibition of the great college game by players of the first rank may be seen Saturday.

DR. SHOOP'S RHEUMATIC CURE
COSTS NOTHING IF IT FAILS.

Any honest person who suffers from Rheumatism is welcome to this offer. For years I searched everywhere to find a specific for Rheumatism. For nearly 20 years I worked to this end. At last, in Germany, my search was rewarded. I found a costly chemical that did not disappoint me as other Rheumatic prescriptions do. I discovered that Dr. Shoop's Rheumatic Cure can turn bony joints into flesh again. That is impossible. But it will drive from the blood the poison that causes pain and swelling, and then that is the end of Rheumatism. I know this so well that I will furnish for a full month my Rheumatic Cure on trial. I cannot cure all cases within a month. It would be impossible to expect that. But my cases will yield within 20 days. This trial treatment will convince you that Dr. Shoop's Rheumatic Cure is a power against Rheumatism—a potent force against disease that is irresistible.

My offer is made to convince you of my faith. My faith is but the outcome of experience. For actual knowledge, I KNOW what it can do. And I know this so well that I will furnish my remedy on a trial. Simply write me a postal for my book on Rheumatism. I will then arrange with a druggist in your vicinity so that you can secure six bottles of Dr. Shoop's Rheumatic Cure to make the test. You may take it a full month on trial. If it succeeds the cost to you is \$5.50. If it fails the loss is mine and mine alone. It will be left entirely to you. I mean that. If you say the trial is not satisfactory I don't expect a penny from you.

I have no samples. Any mere sample that can afford chronic Rheumatism must be dragged to the verge of danger. I use no such drugs for it is dangerous to take them. You must get the disease out of the blood. My remedy does that even in the most difficult, obstinate cases. It has cured the oldest cases that I ever met, and in all of my experience, in all of my 2,000 test cases, I never found another remedy that would cure one chronic case in ten.

Write me and I will send you the book. Try my remedy for a month. For it can't harm you anyway. If it fails the loss is mine.

Address Dr. Shoop, Box 288, Racine, Wis. Mail cases not chronic are often cured by one or two bottles. At all druggists.
